

Previously we have asked for 2 vials (pink and gray lids) to be collected when ordering the O & P screen. We have recently changed to a new system where only 1 vial needs to be collected when ordering the O & P screen. This new vial is called Total-Fix and has a black lid.

Please continue to use up your supply of the pink/gray vials. Once your supply is gone you can start using the new black vials.

Please contact Client Services if you have any questions regarding this change.

Old vials=2 with pink/gray lids

New vials=1 with black lid
